This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Abbott Press, United States, 2014. Paperback. Condition: New. Language: English. Brand new Book. Nonprofit organizations continue to reduce staff, programs, and hours of operation; all in the name of survival. Some have not survived. Some organizations try to attract new audiences, at times sacrificing their missions to do so. All compete for a share of diminishing government, corporate and private funding sources. Dr. Frederick A. Lambert, who has taught management and organizational leadership on the undergraduate and graduate levels, relies on the principles of total quality management to help your nonprofit organization excel, rather than merely survive. You can learn how to build a foundation that promotes success; craft and pursue a strategic plan; create and sustain a culture of quality; put the customer first no matter what; develop leaders who will create and sustain organizational growth and success. Nonprofit organizations continue to hire consultants, merge with other organizations, and downsize in the name of survival. But most of them wouldn't need to do any of these things if they focused on executing on the strategies in Being the Best.
